

**NOPACCS**  
**Northwest Pacific Carbon Cycle Study**  
**Japan contribution to the North Pacific Process Study**

This data set was compiled a part of oceanographic observation results of Northwest Pacific Carbon Cycle Study (NOPACCS). NOPACCS operated from 1990 to 1996 by the New Energy and Industrial Technology Development Organization(NEDO) under the financial and other assistance of the Ministry of International Trade and Industry (MITI).

Survey and research activities of NOPACCS consigned to the Kansai Environmental Engineering Center, Co., Ltd with researchers from National Institute for Resources and Environment (NIRE), Geological Survey of Japan (GSJ) and universities etc.

Japan Oceanographic Data Center (JODC) plays the role of national oceanographic data bank in order to support user's activities in the sea by facilitating the exchange of oceanographic data and information.
